

WINDOW REPLACEMENT & REPAIRS

Owner:

Fulton Financial

Project Location:

Elkton, Maryland
Middletown, Delaware

Cost:

\$7,450 - Elkton
\$17,250 - Middletown

Building Use:

Financial

Delivery System:

Negotiated

Project Completion:

2013

Architect:

N/A

Description:

Window failures on two existing bank branch locations had resulted in water infiltration leading to rot, mold, and mildew problems.

Our Facility Maintenance Team removed the faulty construction, properly replaced the window with all necessary flashings and sealants to ensure a water tight penetration, remediated interior water problems and replaced the interior finishes surrounding the effected areas.
