

## Boys & Girls Club of Delaware Pool Reskin

**Owner:**

Boys & Girls Club of Delaware

**Project Location:**

Newark, DE

**Size:**

7,631 SF

**Cost:**

\$130K - Project

**Building Use:**

Health & Wellness

**Delivery System:**

Design/Build

**Project Completion:**

2016

**Description:**

Complete replacement of structural framing and wall panels throughout the existing swimming pool area of the facility. The environment in the pool had corroded the structural members in the walls, creating a need for immediate replacement. The reskin encompassed removal and infill of existing Kal-Wall windows, new heavy-gauge, galvanized structural wall members, insulated metal wall panels, gutters, downspouts, and trim. Project included a weather tight tie-in from the existing wall and roof panels to the new insulated metal wall panels and trim.
