

JANES UNITED METHODIST CHURCH - INTERIOR RENOVATION

Owner:
Janes United Methodist Church

Project Location:
Rising Sun, MD

Size:
+/-

Cost:
\$90,000 - Project

Building Use:
Religious

Delivery System:
General Contractor

Project Completion:
2016

Description:

This project consisted of two-part renovation of existing spaces. The major scopes of work involved the transformation of an existing classroom into a gathering space for the church members to congregate. Also included was a conversion of two separate offices into one large playroom area for students.

The renovation included reconfiguration and demolition of existing walls, updated wall finishes, lighting, vinyl-plank flooring, column-surrounds, case-work and countertops. Nowland Associates also self-performed the custom stonework at the fireplace & welcome desk as well as the barn plank mantle & shelving.
