

MULTI-PURPOSE BUILDING

Owner:
Lighthouse Baptist Church

Project Location:
Newark, Delaware

Size:
8,800 SF

Cost:
\$1.17M - Site
\$1.49M - Building

Building Use:
Religious
Multi-Purpose Building

Delivery System:
Design/Build

Project Completion:
2012

Architect:
Nowland Associates, Inc.

Description:
The primary structure is a metal building system with insulated metal wall panels and an architectural standing seam roof. A conventionally designed vestibule and connecting corridor (to a future sanctuary) provide circulation to and around the multi-purpose space. The exterior finishes are a stucco finished wall panel, aluminum composite material, E.I.F.S and brick veneer.
