

ALDERMAN RE-ROOF

Owner:
Alderman Automotive

Project Location:
Wilmington, DE

Size:
4,800 SF

Cost:
\$30,000

Building Use:
Machine Shop

Delivery System:
Design/Build

Project Completion:
2012

Description:
28 years after building the facility for Alderman Automotive, Nowland Associates was tasked with replacing the original metal screw down roof.

The project encompassed installing an all new Galvalume screw down metal, new gutters and downspouts, new roof curbs at existing penetrations and new LTP's (Light Transmitting Panels).
