

BLUE HEN CAR WASH

Owner:
Blue Hen Car Wash

Project Location:
Newark, DE

Size:
4,012 SF

Cost:
\$1.54 M - Project
\$1.04 M - Building
\$494 K - Site

Building Use:
Automotive

Delivery System:
Negotiated Bid

Project Completion:
2013

Architect:
Fearn Clendaniel Architects, Inc.

Description:
This new state of the art facility was a redevelopment project on existing retail site and was built to the highest car wash standards and level of quality.

The wash tunnel and administrative office building is primarily masonry construction with a standing seam architectural metal roof system.

Extensive site work on this project was required to accommodate an underground water reclamation system, where the water is held and treated until it is returned back to the municipal system.
