Design | Build

Project Completion:
2026

Architect:
Tevebaugh | Clark Nexsen

Description:
Nowland Associates provided comprehensive design/build services for the Cecil County Government's new Sheriff's Department Public Safety Training Center, delivering a modern complex that supports both administrative operations and advanced law-enforcement training.

The administration building houses offices for command staff and personnel, secure work areas, and a dedicated training room for classroom instruction and briefings. The facility was thoughtfully planned to promote efficiency, security, and adaptability for future departmental needs.

A centerpiece of the project is the enclosed firing range, engineered to the highest industry standards and featuring advanced ballistic protection, ventilation systems, sound attenuation, and modern target controls, providing the Cecil County Sheriff's Department with a safe, effective training environment that enhances officer readiness and public safety.
