Elkton, MD

Size:
12,800 SF

Building Use:
Daycare

Delivery System:
Design/Bid/Build

Project Completion:
2004

Architect:
Homsey Architects

Description:

This Daycare Facility for W.L. Gore & Associates was constructed as a slab-on grade and conventional frame type construction. The building's exterior is comprised of cementitious siding, a stone wainscot, and expansive windows to allow large amounts of natural light to illuminate the interior space.
