MULTI-PURPOSE BUILDING

Owner:

Lighthouse Baptist Church

Project Location:

Newark, Delaware

Size:

8,800 SF

Cost:

\$1.17M - Site \$1.49M - Building

Building Use:

Religious Multi-Purpose Building

Delivery System:

Design/Build

Project Completion:

2012

Architect:

Nowland Associates, Inc.

Description:

The primary structure is a metal building system with insulated metal wall panels and an architectural standing seam room. A conventionally designed vestibule and connecting corridor (to a future sanctuary) provide circulation to and around the multi-purpose space. The exterior finishes are a stucco finished wall panel, aluminum composite material, E.I.F.S and brick veneer.
