Childs, Maryland

Size:
3,775 SF

Cost:
\$1.49M

Building Use:
Academic

Delivery System:
Design/Bid/Build

Project Completion:
2025

Architect:
Architecture & Interior Solutions

Description:
Nowland Associates constructed a 3,775-square-foot preschool addition for Mount Aviat Academy, designed to support the school's growing early education program. The new space will feature modern classrooms and child-friendly amenities, fostering a safe and engaging learning environment. This expansion reflects both the Academy's commitment to excellence and Nowland's dedication to quality and community-focused design.
