

WAREHOUSE AND RETAIL STORE

Owner:

Tools & More, Inc.

Project Location:

Wilmington, Delaware

Size:

10,550 SF

Building Use:

Retail/Warehouse

Delivery System:

Design/Build

Project Completion:

2007

Architect:

Nowland Associates, Inc.

Description:

Phase I consisted of a 10,550 sf addition to an existing 3,300 sf building.

The new structure is a steel metal building system accented with horizontal aluminum panels at the entrances. It includes a new showroom, small tool repair center, and over 7,500 sf of warehouse space. The building also has a second floor mezzanine for additional storage.

Phase II will involve a complete renovation of the attached existing facility.
