

## AMERICAN HEART ASSOCIATION

**Owner:**  
American Heart Association

**Project Location:**  
Christiana, Delaware

**Size:**  
12,000 SF

**Building Use:**  
Corporate Office

**Delivery System:**  
Design/Build

**Project Completion:**  
1992

**Architect:**  
Simpers & Haupt Architects

**Description:**  
This office building was conventionally built and contained some interesting design elements. The building features large expanses of glass as well as glass block for illumination. The exterior consists primarily of precast panels and glass curtain wall systems.
