

MEDICAL OFFICE BUILDING

Owner:
H.B.P., L.L.C.

Project Location:
Elkton, Maryland

Size:
5,000 SF

Building Use:
Medical Office

Delivery System:
Design/Build

Project Completion:
2008

Description:
This 5,000 sf Medical Office Building was very efficiently designed to house 4 medical suites with a grand common entrance atrium.

The exterior is a combination of brick and stucco with aluminum storefront and pre-cast concrete sills. A black metal roof covers the building and canopies on the street side.

Due to the highly visible siting of this building, 3 of the four sides were designed as though they all were the front.
