1999

**Architect:**  
Bernardon Haber Holloway  
Architects, PC

**Awards:**  
Star Building Systems  
Master Builder Award 1999  
Best of Category

**Description:**  
This facility warehouse project was constructed utilizing a Star Steel Building System and an exterior envelope comprised of a low slope metal roof system and metal wall panels resting on a masonry base.

Due to the delicate nature of the building contents, primarily artwork and furnishings, the facility required specialized systems for security, fire suppression and climate control.
